

# MISSING

From Article 8 of the Draft Constitutional Treaty

## Provisions on Policy Coherence

### Current Article 6 of the EC Treaty

“**Environmental protection requirements** must be integrated into the definition and implementation of the Community policies and activities referred to in Article 3, in particular with a view to promoting sustainable development.”

### Current Article 3 of the EU Treaty

“(…) The Union shall in particular ensure the **consistency** of its external activities as a whole in the context of its external relations, security, economic and **development** policies. (…)”

MILLIONS of Europeans represented by our organisations would appreciate it if the European Convention finds the missing articles and intergrates them into Article 8 of the new European Constitution.
