While the *dirty industry* ensures that there is no progress on solving the problem...

*...but the  
movement is  
growing*

2013 saw communities  
around the world standing  
up against dirty energy,  
linking social and  
environmental justice  
issues.

...and we're taking it  
a step further *this autumn.*

# RECLAIM POWER

Global Month of Action on **Energy** 11 Oct - 11 Nov 2013

- Ban new dirty energy projects
- End public handouts to dirty energy companies
- Stop excessive energy consumption by corporations and global elites
- Mobilise public finance to ensure people's universal access to energy, with a complete shift towards community renewable energy

## Next steps

Immediately after the Month the UN climate summit begins in Warsaw, Poland.

We will ensure that our voice is loud and clear, exposing Poland's love affair with dirty corporations and pushing the EU to step up its ambition.

## People vs Coal - Stage 2

Actions at Polish embassies during the world's biggest polluters' summit, held in parallel to the UN climate talks in Warsaw.
